

## FEATURES

- **A2 Type 304 Stainless Steel Good corrosion resistance**
- **Recyclable**
- **Non-magnetic**

## Plain Stainless Steel Hex M8 x 20mm Set Screw

RS Stock No.: 520-201

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

From the trusted RS PRO brand, these stainless steel hexagon set screws are a highly versatile solution to fastening applications. Able to be adjusted with either a spanner or toggle wrench with appropriate socket bits, they present an easy to access fastener head that can be manipulated at multiple angles. They are constructed from A2 stainless steel which means they have excellent resistance to wear and tear and can even be safely used in food production applications.

## General Specifications
