

Datasheet

Stock No: 9135114

2.1mm Socket to Bare End

- A 2.1mm socket to bare end cable, compatible with a range of plug top and desktop power supplies up to 120w
- This cable can be fitted onto the end of the power supply to convert to bare ended wires without having to cut off the existing dc connector, allowing a faster connection from the power supplies to devices with a screw terminal input
- 18 AWG heavy-duty cable
- Current rating up to 7 Amps maximum
