

MDV-350SH

No Air Compressor Required

Specifications:

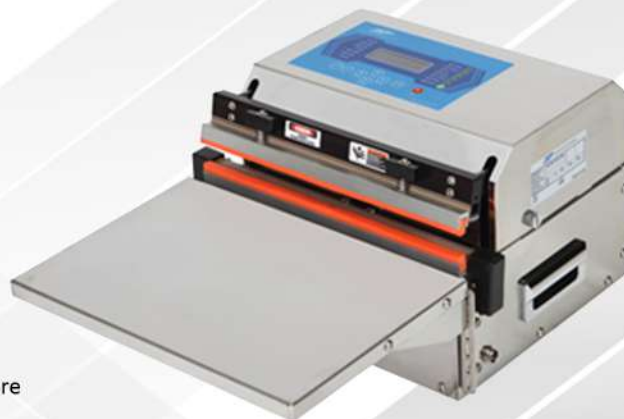

- Part Number: MDV-350SH
- Sealing length: 13.8 inch (350 mm)
- Sealing width: 10mm
- Heating: Single Heating Element
- Pump: Electric motor pump
- Electric Spec: 220v, 50/60 Hz
- Airflow rate: 0.88 CFM (25 Liter/minute)

DIMENSIONS (L x W x H): 20.5" x 18.9" x 17.3"

Net Weight: 26 kgs.

Shipping Weight: 34 kgs

Note: Recommended film thickness to be used on this machine to be no more than 125 μ m

**Features**

- Plug n Play
- Simple to use with digital controls for Vacuum, Seal and Cool times
- Nozzle-type vacuum sucks out air directly from bags
- No External Air Compressor Source Needed
- Quiet Operations
- Compact design that can fit in small places
- Stainless Steel Enclosure with high quality plating finishing
- Output DC 24V
- Available in 35cm and 40cm seal lengths
- Detachable and height adjustable Stainless steel work tray
- Industrial-grade parts and components for reliability and low maintenance

OPTIONS:

- Gas Flushing
- E-STOP button
- Upper & Lower heating elements
- Vacuum pump upgrade

APPLICATION & PURPOSE OF VACUUM PACKAGING:

Protection of packaged items from decomposition, oxidation, contamination, discoloration and other external influences.

COMMONLY USED FOR:

- Electronic parts and components, ICs
- Metal and spare parts
- Optical products
- Medical products
- Grains, seeds, nuts
- Tea, Coffee
- Herbs
