## RS PRO Stainless Steel 3A Certified Articulated Hygienic Foot

The RS Pro Height Adjustable Hygienic Levelling Feet have a High-gloss polished AISI 304 stainless steel surface with a vulcanized NBR 85 shore rubber pad FDA approved anti-slip pad. This range has a 15° articulated half-threadless hygienic stem and a stainless steel thread-covering sleeve meaning they are easy to clean. Mounted with an external top and internal bottom blue silicone gasket to prevent dirt intrusion.

### 3A Certified

Typical Applications Include:

- Dairy and Meat Processing
- Hygienic Environments
- Food processing
