# RS Pro Stainless Steel Plain Washers - Form A

RS Stock No: 189-636

RS Pro stainless steel plain washers are generally used with a machine threaded fastener and nut to spread the load over a greater surface area when tightening a bolt, screw or nut.

## How do they work?

RS Pro washers are an essential part of any fastener assembly. As they serve to incorporate spacing and distribute load when placed between a nut and bolts. These washers will help prevent wear and distortion of installation surfaces over time.

## Features and Benefits

- A4, 316 plain stainless steel
- Construction for durability
- Suitable for screw/bolt size M4 (Form A)
- Available in a range of sizes
- BS4320 Standard

## Application Information

RS Pro washers are an essential part of any fastener assembly. Use them to make maintenance easier by allowing for smoother loosening and tightening of components. Ideal for use in many electronic, food, chemical and construction applications.

Attribute	Value
For Screw/Bolt Size	M4 (Form A)
Material	Stainless Steel
Inside Diameter	4.3mm
Outside Diameter	9mm
Stainless Steel Type	A4, 316
Thickness	0.8mm
Finish	Plain
