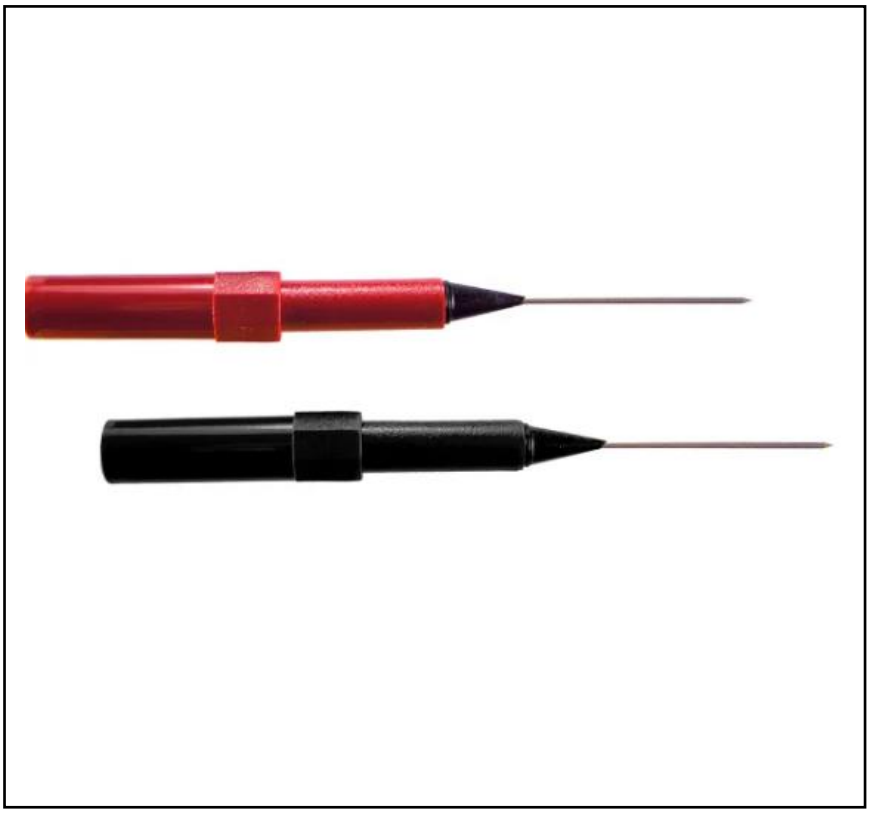
RS PRO Multimeter Test Lead Probe Set

RS Stock No.: 124-7402



RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Brought to you by RS PRO, a back probe pin set, made from durable steel. Perfect for connecting to fuel injectors, MAP and TPS sensors and any weather pack seal type connectors. The modular design is compatible with any industry-standard, 4 mm plug whether shrouded or not. Suitable for use with any test lead. All probes are supplied in a protective plastic tube. All models are highly reliable and excellent quality.
