

# ROTA-LIGHT

## GTE ROTA-LIGHT

*The World's smallest portable flood light*

Rota-Light is a one-of-a-kind rechargeable flood light that can attach almost anywhere! It has a 360 degree rotating beam so that you'll never be left without light again. Take it anywhere, you never know when you'll need it to save the day!

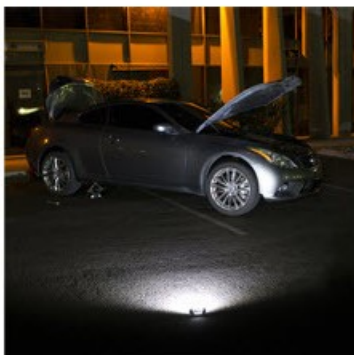

GTE: Empowering You

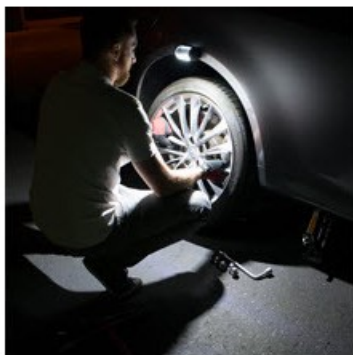

- Auto repairs without wires, camping, offroading, emergencies, and dark corners in the attic
- Lasting power: Over 9 hours on a full charge
- 360 degrees of flexibility
- Waterproof
- Recharges in 3 hours
- Super strong magnet

## INFINITE USES

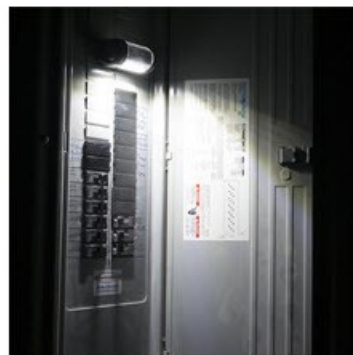

### FLEXIBLE OUTDOOR LIGHTING

Take it anywhere to provide instant lighting for whatever you need, on-demand.

### ROADSIDE LIGHTING

Never worry again while changing a tire or dealing with some kind of roadside problem. Rota-Light attaches to the outside of most cars and trucks with ease, and won't damage your paint.

### EMERGENCY LIGHTING

Blow a circuit breaker? Is the power out? No problem. Rota-Light will be there when you've got any kind of emergency that leaves you in the 'dark', and will run for at least 9 hours.

### WORLD'S SMALLEST FLOODLIGHT

This tiny, portable floodlight can easily illuminate 144 square feet of indoor work space.
