

MANUAL PUMPS

DP-14 Siphon Hand Pump

7L/Min

*Optional part : Locking device

Features & Applications

- Suction type : Manual squeezing type
- Applicable liquids : Kerosene, Diesel, Gasoline, Water(not safe for drinking), Light oils, Chemical insecticides, Soaps, Detergents, Mild acids, Anti-freeze, Liquid waxes
- Non corrosive, Non toxic plastic material construction

Specifications

- Total Length : 530mm(20.9")
- Suction tube Length : 385mm(15.2")
- Suction tube Outer Dia. : 15mm(0.59")
- Discharge Tube Length : 540mm(21.3")
- Discharge Tube Outer Dia. : 12mm(0.47")
- Head Outer Dia. : 51mm(2.01")
- Delivery Volume : About 7LPM(1.9GPM)
- Main Material : P.E
- Net Weight/pc : About 64g(2.30Oz)

DP-15 Siphon Hand Pump (High Speed)

12L/Min

- Depth adjustable suction tube available
- Adjustable and bendable suction tube,300mm(11.8")~390mm(15.4"), can help you completely empty the bottle(even the very edge of bottom)

Features & Applications

- Suction type : Manual squeezing type
- Convenient one touch stop push button
- Applicable liquids : Kerosene, Diesel, Gasoline, Water(not safe for drinking), Light oils, Chemical insecticides, Soaps, Detergents, Mild acids, Anti-freeze, Liquid waxes
- Non corrosive, Non toxic plastic material construction

Specifications

- Total Length : 610mm(24.0")
- Suction tube Length : 425mm(16.7")
- Suction tube Outer Dia. : 25mm(0.98")
- Discharge Tube Length : 660mm(26.0")
- Discharge Tube Outer Dia. : 19mm(0.75")
- Head Outer Dia. : 60mm(2.36")
- Delivery Volume : About 12LPM(3.2GPM)
- Main Material : P.E
- Net Weight/pc : About 149g(5.30Oz)

DP-16-1 Siphon Hand Pump (Fixable & High Speed)

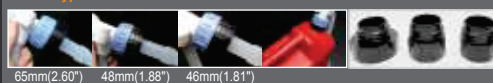

12L/Min

- Adjustable and bendable suction tube,300mm(11.8")~390mm(15.4"), can help you completely empty the bottle(even the very edge of bottom)

Built-in type

65mm(2.60") 48mm(1.88") 46mm(1.81")

- These three adaptors can help you find the best fit and it is fastened tightly to your supply tank.

Features & Applications

- Suction type : Manual up and down type
- Bung adaptor Inner Dia : 50mm(1.97")
- Applicable supply tank height : 300mm(11.8")~390mm(15.4")
- Applicable liquids : Kerosene, Diesel, Gasoline, Water(not safe for drinking), Light oils, Chemical insecticides, Soaps, Detergents, Mild acids, Anti-freeze, Liquid waxes
- Non corrosive, Non toxic plastic material construction

Specifications

- Total Length : 650mm(25.6")
- Suction tube Length : 425mm(16.7")
- Suction tube Outer Dia. : 25mm(0.98")
- Discharge Tube Length : 660mm(26.0")
- Discharge Tube Outer Dia. : 19mm(0.75")
- Head Outer Dia. : 60mm(2.36")
- Delivery Volume : About 12LPM(3.2GPM)
- Main Material : P.E
- Net Weight/pc : About 160g(5.64Oz)

DP-50 Siphon Hand Pump (With Long Hose)

4L/Min

Features & Applications

- Suction type : Manual squeezing type
- Applicable liquids : Kerosene, Diesel, Gasoline, Water(not safe for drinking), Light oils, Chemical insecticides, Soaps, Detergents, Mild acids, Anti-freeze, Liquid waxes
- Non corrosive, Non toxic plastic material construction

Specifications

- Total Length : About 1,823mm(71.8")
- Suction tube Outer Dia. : 12mm(0.47")
- Head Outer Dia. : 46mm(1.8")
- Delivery Volume : About 4LPM(1.1GPM)
- Main Material : P.E
- Net Weight/pc : About 70g(2.47Oz)

DP-14S Chemical Siphon Hand Pump

7L/Min

*Optional part : Locking device

Features & Applications

- Suction type : Manual squeezing type
- Applicable liquids : Kerosene, Diesel, Gasoline, Water(not safe for drinking), Toluene, Thinner, Nitric acid 35%, Hydrochloric acid 35%, Sulfuric acid 35%, Acetic acid 35%
- Non corrosive, Non toxic plastic material constructed

Specifications

- Total Length : 530mm(20.9")
- Suction tube Length : 385mm(15.2")
- Suction tube Outer Dia. : 15mm(0.59")
- Discharge Tube Length : 540mm(21.3")
- Discharge Tube Outer Dia. : 12mm(0.47")
- Head Outer Dia. : 51mm(2.01")
- Delivery Volume : About 7LPM(1.9GPM)
- Main Material : P.E
- Net Weight/pc : About 68g(2.40Oz)
