RS PRO 900mm x 600mm x 16mm Thick Studded Ramped Anti-Fatigue Mat

Feature:

Anti-fatigue mats suited for applications in which the operator is required to be "on their feet" for long hours. The raised studs reduce operator fatigue by providing extra cushioning to the feet. High visibility anti-trip beveled edges make this mat ideal for factory shop floors where safety is of paramount importance.

- Heavy-duty, flexible rubber with high tensile strength
- Raised, studded finish reduces operator fatigue by providing additional cushioning underfoot
- Ideal for individual workstations that requires the operator to be on their feet for an extended period of time
- Sloped edges help prevent tripping and ensure maximum safety in high-risk environments

Physical Properties	Unit	Value
Colour	-	Black
Material	*	Natural Rubber / Styrene Butadiene Rubber
Weight	kg	5.5
Thickness	mm	16
Length	mm	900
Width	mm	600
Maximum Temperature	°C	70
Minimum Temperature	°C	-20
Tensile Strength	MPa	4
Elongation at break	%	250
Abrasion Resistance	mm ³ (DIN53516)	400
