

Description

This double lens jeweller's loupe is a small folding 10x magnifier, with 18mm focal length. The loupe is extremely useful when examining marks on jewellery or the quality of gemstones and anything within a small scale such as stamps, coins, solder joints etc. Includes a handy protective quality leather pouch.

Features

- 10x magnification - 18mm focal length
- Distortion-free viewing through spaced 18mm double lenses
- Includes leather pouch
