

FEATURES

- Ideal for additional support for nuts and bolts over larger surface areas and for better load distribution
- Neat and tidy final finish
- Hot dip galvanised finish
- Good protection against surface rust
- Recyclable
- Available in a wide range of sizes

RS PRO Square Plate Washer

RS Stock No.: See Table Below

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Introducing the range of RS PRO Square Washers, a high-quality fastener solution for providing a secure hold for a nut or bolt, or as a spacer in a wide range of applications, like timber building and concrete flooring. Each fastener is made from steel with a hot dipped galvanised finish, making them much more cost-effective than their stainless-steel counterparts, while still offering a high level of protection against surface rust and oxidation.

Applications:

- Household applications and DIY
- Electronics and industrial manufacturing
- Construction and building
