

Cable Spiral Wrapping

Features

- Black spiral wrap
- Crush resistant
- Tough durable
- Protects against damage and wear without restricting flexibility
- 5 m in length
- Internal diameter of 25 mm
- Nylon construction
- Wall thickness of 1mm
- Restriction of Hazardous Substances (RoHS) compliant
- Complies with ANSI/ESD S20.20:2014 and BS EN 61340-5-1:2007 Electrostatic Control Standards

RS PRO Spiral Wrap, I.D 25 mm 25 mm, Nylon

RS Stock No: 210-8594

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Cable Spiral Wrapping

Product Description

When you need a hassle-free method for bundling cables, this black slit harness spiral wrap comes with a convenient tool for sliding the wrap onto the harness. It can accommodate cables of 25 mm in diameter.

This spiral wrap is easy to apply and remove, so you can reuse it for multiple applications. It's made from a durable nylon material that resists harsh chemicals and abrasions. Part of the RS PRO range, it meets high standards for quality and safety. The PA 6 nylon material is self-extinguishing in case of fire, and the product conforms to electrostatic control standards for the reduction of electrostatic shock.

You'll find this spiral wrap useful for keeping cables safe and out of the way in office and automotive settings. It's often used to collect automotive hoses or computer wires.
