

FEATURES

- Accepts reels up to 520mm wide
- Eases reel handling without tangling or knotting
- Lightweight yet highly durable structural frame
- Constructed from galvanised steel and aluminium
- Perfect for saving time and resource on site
- Ideal for electrical installations

RS PRO Cable Drum Roller 128mm (H) x 565mm (L) x 558 mm (W) 1 shelf in Aluminium, Steel

RS Stock No.: 666-688

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO cable drum roller is a light weight, yet robust cable drum roller that eases cable handling problems encountered during electrical installation work. Once the cable reel has been placed on the stand, it is free to rotate during unreeling, but it is retained in position to prevent unwanted movement. The RS PRO cable drum roller allows cable to be dispensed without knotting and tangling, saving effort and time on site. The stand has two adjustable full width rollers to accommodate a range of cable reel/drum sizes. For larger or heavier drums, two stands can be used, one under each drum flange

General Specifications

Type	Drum Roller
Number of Shelves	1
Material	Aluminium, Steel
Colour	Red; Orange; Blue
Applications	Work sites, Warehouses, Factories, Workshops, Garages

Mechanical Specifications

Maximum Cable Length Capacity	50m
Cable Diameter Capacity	102mm
Maximum Reel Width	520mm
Dimensions	128mm x 558mm x 565mm
Height	128mm
Width	558mm
Length	565mm
Diameter	35mm
Maximum Reel Weight	140kg

Number Of Bar/Tier	Cable Reel Hold	Width	Diameter
1	2	300mm	600mm
2	4	400mm	450mm

Article No.	Min. Reel Diameter	Max. Reel Diameter	Max. Reel Width	Max. Reel Weight
