

## FEATURES

- Replacement solenoid coil
- Compatible with 01V Series pneumatic control valves
- Power supply voltage of 24 V DC
- Power consumption of 2 W
- 3-pin DIN plug
- 100% ED rating means the coil is suitable for continuous use
- ATEX approved for use in hazardous areas (explosive environments)
- Conforms to CE European standards on health, safety, and environmental protection

## RS PRO 24V dc 2W Replacement Solenoid Coil, Compatible With 01V Series Valve

RS Stock No.: 176-2130

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This replacement solenoid coil from RS PRO is the right fit for a 01V Series pneumatic control valves, the type used to control the flow of liquid in hydraulic systems. Generally, they do this by functioning as a low-power switch that operates a series of valves.

## General Specifications

<b>Compatible With</b>	01V Series Valve
<b>Application</b>	Automatic irrigation systems, food processing and pneumatic automation.

## Electrical Specifications

<b>Power Supply Voltage</b>	24V dc
<b>Power Consumption</b>	2W
<b>Duty Cycle</b>	100%
<b>Voltage Tolerance</b>	±10%V
<b>Terminal Pins</b>	Industrial Amp

## Mechanical Specifications

<b>Height</b>	29.5mm
---------------	--------

## Operation Environment Specifications

<b>Minimum Operating Temperature</b>	-10°C
<b>Maximum Operating Temperature</b>	60°C
