

FEATURES

- Rectangular shape
- Measures 150 x 300 mm
- Consists of 5 individual elements
- Can be linked to form a single 150 x 300 mm, 30 V dc 150 W unit or used individually

RS PRO Silicone Heater Mat, 150 W, 150 x 300mm, 30 V dc

RS Stock No.: 731-388

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS Pro silicon heater mat operates at a voltage rating of 30 V dc, power rating of 150 W and peak temperature rating of +300°C. This silicon heater mat in rectangular shape, measures 150 x 300 mm. It is designed for areas where standard heating methods are difficult to apply. This mat is self-adhesive and has etched foil elements embedded into a glass cloth supported rubber compound. It has solder pad connections

General Specifications

Mat Shape	Rectangle
Applications	Production of heaters; Automotive Industries; GRP (Glass Reinforced Plastic) repairs; Heating lower / medium temperature drums, cylinders, flat plates, water basins or food process machinery
Adhesive Backing	Yes
Heater Element	Silicone
Lead Type	PTFE Insulated Lead

Electrical Specifications

Power Rating	150W
Supply Voltage	30V dc

Mechanical Specifications

Rectangular Mat Size	150mm x 300mm
Thickness	1.4mm
Lead Length	500mm

Operation Environment Specifications

Peak Temperature	+300°C
