RS PRO Water Softeners

RS Stock No.: 2499563

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Small countdown timer to be used to add salt in water softeners

Product Description

By providing an audible cue, the timer prompts customers to replace, service or maintain a product or consumable components, increasing both spare part purchases and servicing opportunities. The result is better performance and a longer-lasting, more efficient product for the consumer, and higher levels of repeat purchases, customer satisfaction and brand loyalty.
