

New 2010.

wiha
Premium Tools

Wiha Collector.

Everything in one box.

Available as of
March 31, 2010

POS support:

- Display

Wiha Collector.

- Compact box design for tough applications in trade and industry
- Impact-resistant polycarbonate makes the box really robust for tough trade and industry applications
- Innovative unlocking button opens the compact box spring-assisted and with single-handed operation
- The box opens like a book: this prevents the box being accidentally knocked over and bits falling out
- Practice-oriented clamping of the bits in the shell:
 - as much as needed to prevent them falling out
 - as little as possible to ensure easy removal
- The new Collector accommodates 30 premium bits with hand-held screwdriver or 60 premium bits with bit holder
