

FEATURES

- A cost-effective and reliable solution
- Indicators on labels are in °C
- A cost-effective and reliable solution
- Suitable for monitoring temperature over a certain period of time using 8 temperature increments
- The labels are supplied in 3 strips of 10 self-adhesive labels

RS PRO Non-Reversible Temperature Sensitive Label, 160°C to 199°C, 8 Levels

RS Stock No.: 555-421

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Temperature Sensitive Labels

Product Description

Introducing the range of RS PRO temperature sensitive labels, ideal for use in the food, automotive, moulding and metal working industries. The labels have been designed as a temperature test strip that will make a permanent and irreversible record of the highest temperature bracket reached when applied to the surface of an object by changing colour. These heat-sensitive RS PRO temperature indication labels are a high quality and cost-effective solution that measures surface temperature accurately and provides reliable proof that the item or product has been maintained at the correct temperature and is suitable for use across a wide variety of applications.
