

FEATURES

- Good consistency
- Strong stability
- Fast response, small and light
- Wide measurement range

RS PRO Sensors

RS Stock No.: 2465636, 2465637

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

- The humidity sensor with wide measure range can be used in the application of the Air conditioners, humidifiers, automobiles, warehouses, meteorological measurements, forecasts, copiers and thermo-hygrometers.

General Specifications

Product Name	Humidity Sensor IC
No. of Pins	2

Electrical Specifications

Rated voltage	AC 1V(50HZ-1KHZ)
Rated power	AC 0.2mW
Operating temperature range	0°C~60°C
Operating humidity range	90%RH or less
Storage temperature range	-20°C~85°C
Storage humidity range	95%RH or less
Standard characteristic	31KΩ(at 25°C,60%RH,1kHz)
Humidity Accuracy	± 3%RH

Approvals

Compliance/Certifications	UL/ EN / IEC
