

GMM-K29H Digital Electronic Food Weighing Kitchen Scale (15Kg/1g)

SKU: GMMK29H

Note: Please take note this weighing scale is Not Legal for trade.

Features:

- HIGH PRECISION**
 Food Scale carries four high precision load sensors, stainless steel structure and tempered glass, empowering large measuring capacity with 1g precise graduation up to 15kg/33 lbs
- EXCELLENT DURABILITY**
 6 common measurement units (g/kg/lb/oz/ml/milk). Easy Interaction with the scale by screen touch. 230 x 160mm larger tempered glass and stainless steel panel provide flexibility for larger containers.
- EASY TARE**
 The Tare button allows you to subtract the weight of container, extracting the accurate weight of nuts, grains, fruit and other fine-grained objects.
- ADJUSTABLE MODE**
 The kitchen scale operates on 3 battery modes, including 3 min Auto-off mode, 10 min Auto-off mode, and stay-on mode. When the scale is turned off, hold press the UNIT key and then tap the ON/OFF key to adjust.
- OUTSTANDING FUNCTIONALITY**
 The scale has a low-power and overload indicator, Hanging hook and 4 anti-slip rubbers, and measurement ruler on the panel. The scale is easy to clean and store.

Gmm

Specifications:
