Datasheet

-50 to +1100°C K Type Thermocouple, 250mm Probe

RS Stock number 621-2350

Description:

Type K probe and KNE Terminal head assembly c/w Process connection

- 150, 250, 500 mm versions
- 6 mm stainless steel sheath
- Insulated tip junction
- Aluminium IP67 terminal head
- in. BSP(P) process connection
- Screw lead with retaining chain
- Terminal block is included
- Cable entry via M20 cable gland

Specifications:

- High temperature and curveable
- Thermocouple type K
- Hot junction ungrounded
- Sheath material AISI 310
- Mineral insulation
- Bendable
