## RS Pro 5m U/UTP, PVC Cat5e Ethernet Cable Assembly Grey

RS Stock No: **528-0188**

### Product Details

RS Pro Cat5e PVC U/UTP patch cable in grey colour, is 5 m long and has a booted strain relief that provides cable support, latch protection and a new angle solution to your RJ-45 patching requirements where space and specific orientation of connection are significant factors. The tight radii of the angled plugs, whether in the horizontal or vertical plane, are ideal where space is at a premium. The added bonus is that the cable is not subjected to undue strain where it enters the plug housing. The type 'A' are straight to angled and will connect in a horizontal plane to tab up, angled plug incoming from left. The type 'C' are straight to angled and will connect in vertical plane to tab down socket.
