

Features

- Steel bright zinc plated
- Widely used across many industries and applications.
- Easy to use, no training required.
- To remove a minimal number of tools required aiding security.
- A simple mechanical fixing but extremely effective.

RS PRO Split Pins

RS Stock No.: see below

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Split cotter pins are manufactured from half round strip, turned back on itself to form a split-circular section pin. Finished with an attractive bright finish, the cotter pin is available in many special forms and is not limited to its traditional use of restraining clevis pins. It is worth noting that when the legs of the cotter pin are opened the inside surface will not be plated.

The sizing is completely interchangeable with metric and Inch sizes, so this is an incredibly useful fastener in many different applications.

General Specifications

RS part No	Size (mm)		Size (inch)		Shank dia. mm
	Nom. Hole Dia. 'D'	Length 'L'	Nom. Hole Dia. 'D'	Length 'L'	
270091	1	20	1/32	3/4	0.8/0.9
270108	1.2	25	3/64	1	0.9/1.0
270114	1.6	25	1/16	1	1.3/1.4
270120	2	32	5/64	1.1/4	1.7/1.8
270136	2.5	40	3/32	1.1/2	2.1/2.3
270142	3.2	45	1/8	1.3/4	2.7/2.9
270158	4	50	5/32	2	3.5/3.7
270091	1	20	1/32	3/4	0.8/0.9
270108	1.2	25	3/64	1	0.9/1.0
270114	1.6	25	1/16	1	1.3/1.4

The hole which Split Cotter Pin fits is the same as its own nominal size, the pin generally being made undersize for easy fitting.
