

FEATURES

- Santoprene tubing
- Cream in colour
- Length of 3 m
- Bore size of 8 mm
- Suitable for contact with food
- Peristaltic pump compatible
- Density of 0.92 g/cm³
- Shore A hardness of 68
- Elongation of 480%

RS PRO Santoprene Cream Santoprene Tubing, 8mm Bore Size, 3m Long , Food Grade, Peristaltic Pump Compatible

RS Stock No.: 667-8435

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Suitable for use with peristaltic pumps, this flexible cream-coloured santoprene tubing is non-toxic and food-grade. It prevents cross-contamination of the fluids that pass through it. You'll regularly find it in applications such as spray-coating dispensers.

General Specifications

Material	Santoprene
Food Grade	Yes
Colour	Cream
Peristaltic Pump Compatible	Yes
Application	Ideal For Use With Peristaltic Pumps

Electrical Specifications

Volume Resistivity 23°C, 2.03mm	1.06E+16ohm,cm
Dielectric Strength 2.03mm	29Kv/mm
Dielectric Constant 23°C, 1.98mm	2.50

Mechanical Specifications

Bore Size	8mm
Length	3m
Density	0.920g/cm ³
Shore A Hardness	68A
Tensile Stress 100%	2.60MPa
Tensile Strength At Break	7.10MPa
Elongation At Break	480%
Tear Strength	21KN/m

Operation Environment Specifications

Brittleness Temperature	-60°C
--------------------------------	-------

Approvals

Compliance/Certifications	EN61340
----------------------------------	---------
