## Distribution Blocks

### Product Description

*RS Pro Distribution Terminal Blocks save space and increase wiring efficiency of large incoming cable supplies by offering one large input terminal and multiple smaller outgoing terminals.*

*The tinned copper block construction ensures excellent connectivity, while the translucent, hinged, removeable protection cover allows for visual inspection of the connection.*

*Safety is afforded by the UL Approved finger protection.*

*The large Hex-drive clamping screws are a minimum of 95% of the terminal internal diameter for excellent electrical contact*

- *Used to split large cable incoming supplies to multiple smaller cables/loads*
- *Typically used in Control Panels and electrical equipment with multiple internal circuits taking their supply from one source*
