

Features

- Solenoid valve coil
- Continuous operation
- Size of 30mm
- Supply voltage of 12 V DC
- IP67 rated

RS PRO Solenoid 30 MM

RS Stock No.: 1875715, 1875716, 1875717,
1875718, 1875719, 1875720

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO Solenoid Valve Coil is an essential component of solenoid valves. The RS PRO solenoid valve coil is designed to be predominantly used with solenoid valves within pneumatic and hydraulic applications to control cylinders, fluid power motors or larger industrial valves. Designed to withstand and operated in aggressive conditions the solenoid coil is constructed with a robust Brass body resistant to impact and corrosion and a strong Steel core and spring that with provide years of reliable service.

General Specifications

Size	30mm
Material	Brass body
Supply voltage	12V DC
Voltage tolerance	±10 %

Protection Category

IP Rating	IP67
Isolation Class	class H
