Product Description

Introducing the range of RS PRO PA66 (Nylon) Cable Ties, ideal for use when fastening electrical cables or wires. The double locking mechanism ensures a secure hold when tying or fastening items together, while the ultra-durable nylon material provides a strong and long-lasting solution that can withstand harsh environments. In addition to this, the serrations on the cable tie surface provide a strong hold on bundles, even at high tension. These RS PRO cable ties are ideal for use when installing cabling in factories, industrial and manufacturing plants, as well as a wide range of other applications.
