## RS PRO Interchangeable Phillips, Slotted, Torx Screwdriver Set 7 Piece

RS Stock No.: 252-949

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

RS Pro high-quality interchangeable and reversible blade screwdriver set which offers great flexibility. This screwdriver set enables smaller kits to be made up to cover a large range of sizes. The screwdriver handle gives maximum comfort while still delivering exceptional power. Supplied in a plastic box with a folding lid and includes the following types:

Slotted: has a flattened tip used for screws with a straight linear intrusion across the head

Phillips: have a cross shape recess and were designed to be able to take more torque

Torx: has a six-point star intrusion, designed to ensure even more torque can be applied

The screwdriver is one of the most essential hand tools in any workman's kit. There are many situations and professions where a screwdriver is integral to carrying out a specific task revolving around loosening or tightening fasteners.
