Product Description

Introducing the range of RS PRO Masonry Screws, a high-quality fastener solution for applications where a professional finish is required when joining materials to things like concrete blocks or brickwork. Each fastener is made from steel with a zinc coating, making them much more cost-effective than their stainless-steel counterparts, while offering a high level of protection against surface rust and oxidation.

Applications:

- Carpentry construction like decking, railings and small frames
- Metalwork and metal framing
- Building work and construction
- DIY
