

FEATURES

- 3 colour traffic light indicators for measuring the temperature
- Manufactured from 100 microns clear polyester
- The adhesive is modified acrylic suitable for most surfaces
- Ideal for showing the user when process pipes temperatures are running too high

RS PRO Temperature Label Indicator, 50°C to 70°C, 3 Levels

RS Stock No.: 906-4602

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This traffic light temperature label from RS PRO is manufactured to from 100-micron polyester and is a great value solution to provide the current temperature of the item.

General Specifications

Number of Temperature Levels	3
Labels Per Product	10
Orientation	Vertical
Reversibility	Reversible
Accuracy	+/-2°C
Scale	°C
Active Material	Microencapsulated Single Colour Liquid Crystals
Shelf Life	12 months
Surface or carrier	Polyester
Adhesive Type	Modified Acrylic
Storage	Store in a cool, dry, dark location. Avoid exposure to UV light
Pressure sensitive	No
Applications	Food Industry , Pharmaceuticals, Medical products, Industrial equipment, Shipping and packaging for sensitive goods

Mechanical Specifications

Dimensions	52mm X48mm
Label Length	52mm
Label Width	48mm

Operation Environment Specifications

Minimum Temperature Sensitivity	50°C
Maximum Temperature Sensitivity	70°C
Storage Temperature	below – 5 above 40°C

Approvals

Compliance/Certifications	RoHS Certificate of compliance
