

## FEATURES

- Miniature ceramic cartridge
- FF Speed rated – very fast acting
- 6.3mm x 32mm cartridge size
- Very high interrupting rating
- High rated voltages
- Cylindrical shape

## RS PRO, 500mA Ceramic Cartridge Fuse, 6.3 x 32mm, Speed FF

RS Stock No.: 721-1563

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

RS PRO range of miniature ceramic cartridge fuses which are ultra-rapid (FF) that operate at higher temperatures so are ideal to provide circuit protection to semiconductor devices. They are ideal for providing protection to devices or internal circuits from short circuits and overcurrent. They are deliberately weaker components which, when too much current is drawn, will blow. Once the fuse has blown it will need replacing in order to make the circuit complete and allow the flow of current.
