1U Fixed Server Rack Mount Shelf - 16in Deep Steel Universal Cantilever Tray for 19" AV/Network Equipment Rack - 44lbs

Product ID: CABSHELF116

The durable rack mount tray can hold up to 20 kg (44 lbs.) of equipment and is constructed using SPCC commercial-grade cold-rolled steel.

The 1U cantilever shelf lets you optimize your working space by giving you the ability to mount equipment to your 19-inch rack instead of taking up desk or floor space. It's perfect for your SOHO (small office, home office) environment, server room, data center or any other location with limited space available.

You can install the 1U network cabinet shelf in your rack at any height, giving you a stable surface for placing equipment that's un-mountable such as a computer, or for storing your tools.

StarTech.com conducts thorough compatibility and performance testing on all our products to ensure we are meeting or exceeding industry standards and providing high-quality products to IT Professionals. Our local StarTech.com Technical Advisors have broad product expertise and work directly with our StarTech.com Engineers to provide support for our customers both pre and post-sales.

The CABSHELF116 is backed by a StarTech.com lifetime warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

• Supply additional storage space for mission-critical hardware and non-rackmount equipment

• For use with all 19" wide server racks and cabinets

Features

• UNIVERSAL COMPATIBILITY: 19" EIA/ECA-310 compliant 1U 16" deep server rack cabinet shelf for universal fit in any existing server/AV rack or cabinet & includes M6 Cage nuts & screws for mounting shelf
