

THOR HAMMER

COMPANY LIMITED

THOREX PLASTIC HAMMERS 4 Series Plastic handle

Thorex Plastic Hammers 4 series are fitted with two orange medium faces as standard.

Worn faces can be instantly replaced BY HAND providing minimum down time.

All faces are one piece mouldings. There are no metal pegs or inserts which can damage the workpiece when worn.

Serrations in the metal head prevent faces loosening in use.

To suit a range of hammering applications faces of alternative hardness are available for most sizes – colour coded for easy identification.
