## RS Pro Qb PORTABLE STROBOSCOPE

Stock No: 134-6742

### Description

The extremely bright, hand-held stroboscopes comprising the RS STROBE qbLED is unrivalled in terms of brightness, operation and technology. These extremely robust and precise hand-held stroboscopes are used to conduct measurements in difficult industrial environments and are specifically designed for maintenance work / commissioning and inspections.

All standard settings can be adjusted quickly and easily without any prior in-depth knowledge, so that you can begin your maintenance work immediately. If your requirements are more specialised and very specific measurements, for example, call for a time-delayed flash or a slow motion function, you can activate these settings in the pro mode, which is specially designated for these.

## Features

Low wear LED technology  
Light intensity & image sharpness adjustable  
Integrated li-ion battery.  
Intelligent operation

## Optional accessories

Tripod (RS part number 1346765)  
Articulating mounting arm (RS part number 1346764)

## Technical Short Data

Number of LEDs:	40
Frequency range:	30 ... 300,000 FPM
Light intensity max.:	1,750 LUX @ 1° / 30 cm
Flash duration:	adjustable
Power supply:	Integrated Lithium-ion batteries for up to 7 hours continuous use

## Scope of Delivery

Stroboscope RS STROBE qbLED  
Operating instructions  
Calibration certificate  
Charger with connector set  
1 DIN plug 5-pin for trigger input and/or power  
Handle  
Case
