RS PRO 165mm Straight Cutters

RS Stock No.: 450-3496

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From the trusted RS PRO, these cable cutters are suitable for cutting copper wire and other light-duty applications. They feature a curved jaw that provides an excellent shearing action on copper wires and other materials. The cutters also feature a safety catch that allows for the jaws to be locked in place when not in use.
