

FEATURES

- Optimized NKE design
- 2 Ribs on outer ring and 0 on inner ring
- Machined brass cage
- Single row cylindrical roller bearing

Cylindrical Roller Bearing 60x130x31mm

RS Stock No.: 2483010

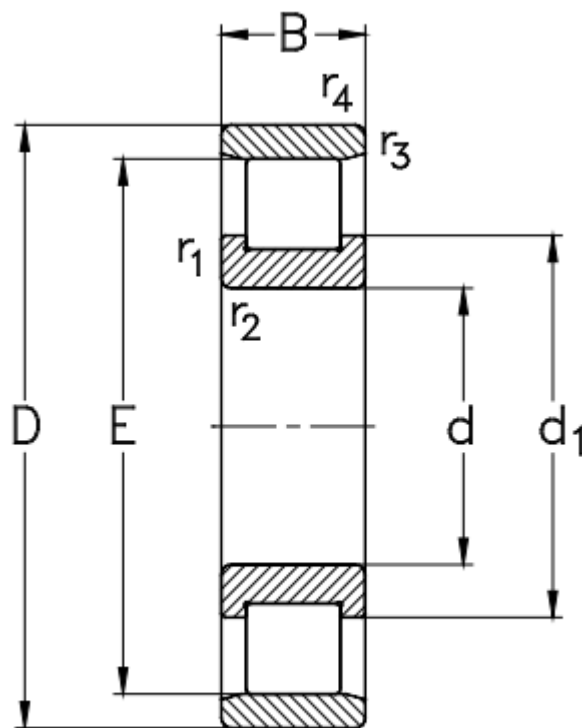

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

A range of RS Pro single row Cylindrical Roller Bearings, offering versatility and overall high performance. RS Pro Cylindrical Roller bearings utilise either a Polyamide or Brass cage and optimised internal geometry to ensure adequate operation.

General Specifications

Bearing Type	Single Row Cylindrical Roller Bearing
Number of Rows	1
Material	Steel
Cage Material	Machined brass
Race Type	Cylindrical
Outer Rib Type	2 Ribs
Inner Rib Type	0 Ribs
Bore Type	Cylindrical
Application	Pumps, Gearboxes, Motors

N...

Mechanical Specifications

Inside Diameter (d)	60mm
Outside Diameter (D)	130mm
Width (B)	31mm
Diameter Under Rollers (E)	77mm
Dynamic Load Rating	169kN
Static Load Rating	160kN
Limiting Speed	6700rpm
Mass	1.9kg

Operation Environment Specifications

Temperature Range	Up to 150°C
