Tyrecord Kerb 710L X 145W X 100H

Feature:

Made with reinforced hi-fibre tyre cord rubber which is ideal for use in heavy impact areas. Features a high visibility chevron pattern to help warn against the hazard.

To Fix: Use two M16 X 180mm bolts. The recess of the hole is 20mm deep (leaving 80mm rubber below the head of the bolt) so the anchor bolt needs to be at least 180mm long to get a good fix.

Physical Properties	Unit	Value
Colour	-	Black and Yellow
Material	-	Tyrecord Hi-Fibre
Hardness	ShA	75
Length	mm	710
Width	mm	145
Height	mm	100
