

## Datasheet

# RS PRO

## Thermal grease, 4.5W/m K

Stock No: 2065708

### Technical Specifications:

Characteristic	Test Method	Result
Colour	Visual	Grey
Thermal conductivity W/m.K	ASTM-D5470	4.5
Thermal impedance °C-mm <sup>2</sup> /W	ASTM-D5470	0.008
Operating Temperature °C	EN344	-40 to +200
Density g/cm <sup>3</sup>	ASTM D792	2.4

## **Features & Benefits:**

- No pump out or stability issues
- Easy to apply and rework
- Syringe dispense, also suitable for screen printing
- Good value

## **Applications:**

- Communications equipment
- Automotive electronics
- Small office, and networking equipment
- Consumer and industrial electronics

**Available product size: 1kg**

**Approx dimensions: 120x100x100mm**
