RS PRO AUTO GATE LATCH - HEAVY

RS Stock No.: 8946759

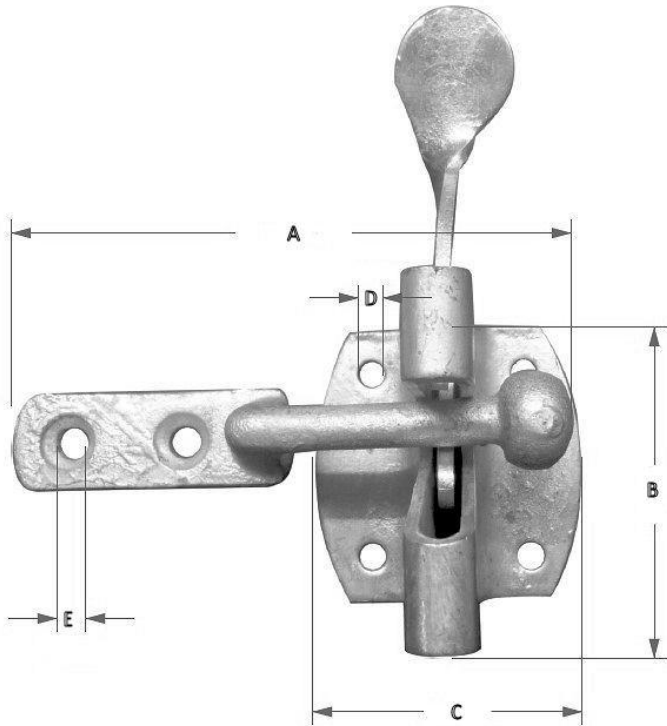

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Automatic gate latches are made from steel, making them robust and reliable. This is a heavy duty version, made of thicker steel. Automatic, or gravity, gate latches have the advantage of using a gravity snapping mechanism that locks the gate shut automatically. They also have an easy to operate thumb switch to release the latch. They are ideal for gardens and other outdoor areas.
