RS PRO 70 x 18mm 4 Hole Stainless Steel Angle Bracket

RS Stock No.: 749-1699

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

When you're mounting shelves or reinforcing supports in timber frames, turn to these compact angle brackets from the RS PRO range. As they're L-shaped, the brackets are an efficient choice to use as corner braces. They're also highly effective at connecting parts together, in order to create a right angle.
