

VacuAide 7305

Portable Suction Unit

VacuAide 7305

The VacuAide is small and lightweight for ease of portability. It is ideal for home or hospital use and meets the stringent ISO 10079-1 standards for emergency transport suction.

The 7305 model is available in two options; the 7305P-U with a 800ml disposable collection bottle or the 7305P-US with a 1200ml re-usable collection bottle. The VacuAide can be used from its internal battery or directly from the power supply.

Product Features

- High performance capabilities with a vacuum range of 80 - 550 mmHg and a flow range of 0 - 27 l/min.
- Meets the stringent ISO 10079-1 standard.
- Comes complete with a rechargeable battery, 12 V DC in car charger, UK mains lead and carry case.
