LGMT 3/MR380

Refill cartridge grease filled, without battery for Electro-mechanical single point lubricant dispenser

This set is filled with SKF LGMT 3 bearing grease, with excellent rust inhibiting properties. SKF TLMR refill sets are available in two versions: for TLMR 201 and for TLMR 101. The sets contain a cartridge filled with a quantity of 120 or 380 ml of grease. For the TLMR 101 refill sets a battery pack is included and the designations ends with B

- Flexible dispense rate from 1 to 24 months
- Ready-to-use
- Can be used with all TLMR 201 lubricators
- Quick and easy installation
