

## FEATURES

- Swivel castor
- Plate mounting type
- Rubber tyres
- Braked swivel rotation brake included
- Light duty
- Includes top plate fitting
- Four fixing holes of 6mm
- Plain bore hub bearings
- Load capacity of 50kg
- Wheel diameter of 50mm
- Overall height of 72mm
- Wheel width of 18mm
- Fixing plate dimensions of 50mm x 50mm
- Fixing centres of 36mm x 36mm

# RS PRO Braked Swivel Swivel Castor, 50kg Load Capacity, 50mm Wheel Diameter

RS Stock No.: 828-6293

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

Swivel castors are incredibly versatile little gadgets to have. They can be attached to a wide variety of light-duty equipment to make them transportable. These 50 mm general-purpose swivel castors from RS PRO are able to rotate 360° for total mobility and can bear loads of up to 50 kg.

The castor comes with a rectangular fixing plate and four fixing holes for easy installation to your equipment. As the tyres are made from rubber, they won't scratch the floor. There's also a brake fitted to the castor for safety and manoeuvrability. The polypropylene (PP) hub provides added durability and allows you to use it both indoors and on softer outdoor terrain.

## General Specifications

<b>Rotation</b>	Braked Swivel
<b>Weight Class</b>	Light Duty
<b>Load Capacity</b>	50kg
