

FEATURES

- A2 stainless steel construction for durability
- BS4320
- Available in a range of metric sizes

Stainless Steel Plain Washer, 2mm Thickness, M20 (Form B), A2 304

RS Stock No.: 275-721

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From the trusted RS PRO Brand, these stainless steel washers are generally used with a machine threaded fastener and nut to spread the load over a greater surface area when tightening a bolt, screw or nut. As they are made of stainless steel, they have an element of corrosion resistance and are suitable for use in many environments.

General Specifications
