

BR 47/35 Esc

Machine for basic and maintenance cleaning of escalators and travelators with a performance of 2-3 escalators/travelators per hour.

1 Excellent suction power

- The applied water is reliably sucked back into the machine by the two powerful suction turbines together with four straight suction hoses and matching combs.
- Prevents water from dripping into the escalator shaft.

2 Suitable for escalators

- Combs which enter the grooves in the escalator provide the necessary vacuum.
- Different combs are available to suit different types of escalators. This ensures that the moisture is effectively vacuumed from the escalator.

3 Excellent suction power

- The applied water is reliably sucked back into the machine by the two powerful suction turbines together with four straight suction hoses and matching combs.
- Prevents water from dripping into the escalator shaft.

4 Easy to stand up at the rear of the machine during operation

- For simple operation.

BR 47/35 Esc

- Cleans escalators and travelators while they are running
- Equipped with standard wash brush and pick-up brush
- Reliable water pick up

Technical data

Order no.	1.310-109.0	
EAN code	4039784470019	
Working width	mm	470
Brush working width	mm	470
Working width, vacuuming	mm	470
Fresh/dirty water tank	l	35 / 35
Brush speed	rpm	870-1090
Brush motor power	W	1100
Suction motor	W	800
Sound pressure level	dB(A)	75
Voltage	V	220-240
Frequency	Hz	50-60
Weight	kg	90
Dimensions (L × W × H)	mm	1200 × 670 × 1100
