

Features

- Stop leaks
- Protect edges
- Temporary or permanent applications

RS PRO Tube Stops & Plugs

RS Stock No.: 237-2199

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The plug is a long-lasting choice thanks to its low-density polyethylene (LDPE) construction. The material is resistant to impact, high temperatures and moisture, as well as chemical compounds. This means it will hold up even in the most demanding applications.

General Specifications

Structural Element Type	Round Tube Plug
Colour	Black
Product Family	RS

Mechanical Specifications

Fits Tube Diameter	38.1mm
