

## FEATURES

- Stainless steel glycerine filled gauge
- Produced to exacting tolerances
- Silicone free
- Seamless construction with a mirror smooth inner layer for improved flow
- Resistant to a wide range of chemicals
- Excellent abrasion resistance
- Low moisture absorption
- Lightweight and flexible for easy installation

# RS PRO Flexible Nylon Tubing

RS Stock No.: 2351191

Metric – 20 m coil

### Product Description

Part No.	OD	ID	Working Pressure
2351191	16 mm	13 mm	18 bar

## Features

- Produced to exacting tolerances
- Silicone free
- Seamless construction with a mirror smooth inner layer for improved flow
- Resistant to a wide range of chemicals
- Excellent abrasion resistance
- Low moisture absorption
- Lightweight and flexible for easy installation

## General Specifications

<b>Temperature range</b>	-40°C to +80°C
<b>Pressure rating</b>	18 bar (Based on short term burst pressure at 20°C using a 4:1 safety factor. Any increase in temperature above 20°C will result in a decline in the working pressure values.)

## Construction

Virgin polymer nylon (PA) 11 or 12

## Applicable Standards

BS 5409 Part 1:1976
