Introducing the new PW-291C

This improved direct pipe-in, cold only water cooler from Pure Water Dispensers Pte Ltd is fitted with an in-built circuit breaker for added safety. Equipped with a double housing filtration system, it supplies a continuous source of clean and crisp water for your everyday use.

Our double housing filtration system consists of the following:

- ✓ 1st Stage PP Sediment Filter
- ✓ 2nd Stage CTO Carbon Filter

Optional Additions:

- ✓ Paper Cup Holders (+S\$50)
- ✓ One time or bi-annual maintenance (contact staff for details)

*Free Installation and Delivery

*Terms and conditions apply

*Disclaimer: Product specification subject to change without prior notice

PW-291C

Product Features:

- Stainless Steel Tank (Anti-Bacterial)
- In-built circuit breaker for added safety
- High cooling efficiency
- High quality heavy-duty taps
- IECEE CB Certified
- Economical
