## RS PRO M12 114mm Bright Zinc Plated Steel Round U-Bolt

RS Stock No.: 829-996

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

*U bolts are steel bars shaped like the letter 'U', threaded at the end of each arm. U-bolts are generally used as a support to pipework (where either fluids or gases flow through), tubing, or round bar. They can be used in a variety of industries and applications such as automotive, food, water, gas, and petroleum industries.*
