

CERTIFICATE OF TRACEABLE CALIBRATION

Manufacturer: GW Instek
Model: LCR-6020
Description: 20kHz Precision LCR Meter
Serial Number: 628D08461
Temperature: 23 ± 5 °C
Relative Humidity: Under 80 %

*Date in Service:

**Next Calibration Date:

**Denotes the date customer receives and initially powers on the unit*

***Denotes the date of next calibration needed for the unit. Recommended calibration interval is 12 months after "Date in Service". Both dates are to be filled in by customer.*

The calibration was performed on behalf of Good Will instrument Co., Ltd. by a qualified subcontractor at the subcontractor's facility. The quality system at this facility is ISO 9001 registered.

Calibration Procedure:

GW Instek certifies the above product meets or exceeds its published specifications. Before the product being shipped out from the factory, it has been well calibrated using the calibration equipment traceable to the International System of Units (SI), consensus standards or ratio type measurements through national standards realized and maintained by the NML Taiwan, NIM China, NIST U.S or other National Measurement Institutes signatories to the CIPM MRA. This certificate shall not be reproduced, except in full, without the written approval of the calibration facility.

CALIBRATION EQUIPMENT USED:

Mfg./Model	Description	ID#
Agilent / E4980A	LCR Meter	MY46311018
Fluke / 8808A	Digital MultiMeter	2476031
